NEW YORK
CITY → CHELSEA

Towering 42 stories over Chelsea, our hotel is two blocks from Madison Square Park and the Flatiron Building. The High Line, Chelsea Market, Times Square, Greenwich Village and dozens of unique eateries, bars, museums, and shops are a short walk from our doors. Or unwind with a drink and bite to eat at our 2nd floor lounge or restaurant..

A WORD FROM THE GENERAL MANAGER

“The Motto resonates with me in so many ways and this project sets the tone for the Motto brand. I’m beyond thrilled to lead this hotel and can’t wait to unveil this Chelsea gem to the public. Stay tuned with Motto. We have many exciting and unexpected things to offer our travelers and the neighborhood,” said General Manager Bassim Ouachani.

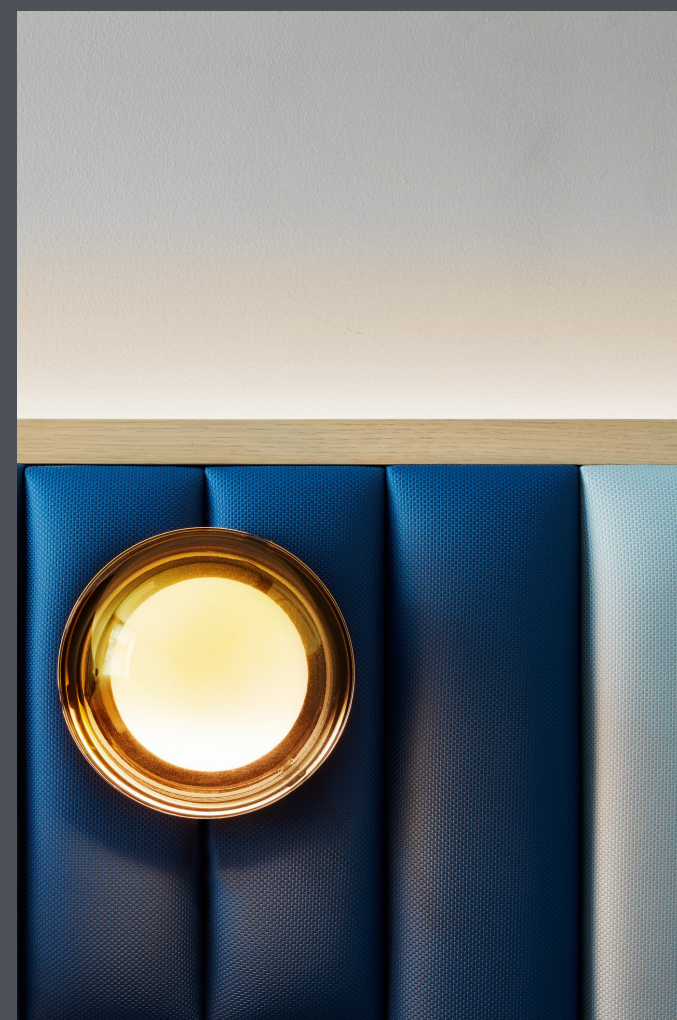

To power entertainment across the property, WorldVue leveraged SMARTBOX. “WorldVue is proud to be working with Hilton & DISH Business to deliver engaging in-room entertainment that will peak guests’ interests during their stay,” said David Goldstone, SVP and Chief Customer Advocate, WorldVue. “As always our customer service center is here to provide service 24/7/365.”
