

The Crawford

Denver-based Sage Hospitality Group was founded in 1984. Through 36 years of creating valued partnerships with internationally recognized hotel brands, Sage grew a portfolio focused on running successful urban select, full-service and luxury hotels. Sage also owns and operates experiential, independent hotels across the country with more under development.

The Blackstone

50+ PROPERTIES

Sage became recognized as a preferred management company for industry leaders such as Marriott International, Hilton Hotels & Resorts and Hyatt. They push to develop spaces that fuse creativity and ingenuity to light the way for a new standard in hospitality.

Catbird

EXPERIENCES

Sage has taken the liberty in bringing unique experiences to every guest that stays in one of their properties. With majority of the properties situated in unique and iconic locations, the in-room amenities only enhance the overall features of today.

Sage Hospitality Group focuses on Enriching Lives One Experience At A Time

WORLDVUE CURRENTLY SERVES 16 SAGE PROPERTIES

"Sage Hospitality Group continues to be a great partner, bringing new ideas to the hotel stays. We are honored to continue to work with Matt Schwartz and his team on providing exceptional technology experiences," said David Goldstone, SVP & Chief Customer Advocate WorldVue.

TRUST IN YOUR TECHNOLOGY

High-speed Wi-Fi throughout hotels is a must-have, but what makes Sage different is that they partner with visionaries to deliver hotels and the spaces around them that serve as fun, freeing expressions for hotel guests. Through the DISH and WorldVue partnership, Sage is able to bring new technology innovations such as the SMARTBOX™, Casting and WorldVue HUB™ fully customizable platform.

"DISH Business is excited to partner with Sage Hospitality and WorldVue to deliver an innovative and personalized in-room entertainment experience for the guests of Sage properties," said Amir Ahmed, SVP of Sales, DISH.

A look inside some of Sage's independent properties

THE CRAWFORD HOTEL AT DENVER UNION STATION

112 individually unique rooms

The shell of Union Station stayed intact but no two rooms are alike. Rooms vary from recreation of a train car to Loft rooms with exposed brick and wooden beams. The largest standard rooms are 16 foot floor to ceiling windows to emphasize a sophisticated style.

High-speed Wi-Fi throughout the hotel is a must-have, and the in-room Nespresso maker can be a lifesaver if you have an early morning start. Each room also features an iPad with hotel info, music streaming, online room service, and loads of newspapers and magazines.

The Crawford

THE MAVEN HOTEL AT DAIRY BLOCK

172 naturally-lit guest rooms

The Maven is a unique, boutique hotel in Denver's colorful micro-district, the Dairy Block.

The Maven hotel is home to excellent on-site dining and a modern fitness center, and our location in the Dairy Block gives you incredible access to some of the area's foremost retail and dining destinations. In addition to the Dairy Block, our downtown Denver boutique hotel is close by the popular neighborhoods of LoDo, LoHi and RiNo, meaning you will find everything from Union Station, historic Larimer Square, Coors Field, and local colleges all within walking distance.

The Maven at Dairy Block

CATBIRD

166 extended stay rooms

Catbird is an independent hotel in RiNo that blurs the line between hotel and home.

Guest rooms emphasize housewares and multi-functional furniture- the comforts that people experience in homes, brought into a hotel. Lofted beds, expansive windows with 6' by 8' viewing screens with projectors. Fully functional kitchens feature two-top burners, ovens, microwaves, sinks, dishwashers and refrigerators.

The rooftop bar offers indoor and outdoor seating and amazing city and mountain views.

A WORD FROM SAGE
CHIEF TECHNOLOGY
OFFICER,
MATT SCHWARTZ

What guests can expect

"I like to bring unique technology experiences that can better capture our guests attention. In the Maven, we showcase all our local amenities from shopping to restaurants on the TV screen. At the Crawford, each room features an iPad with hotel info, online room service and music streaming capabilities."

What I look for in a technology vendor

"Innovative solutions that deliver a one of a kind guest experience. I want to depend on our vendors to be creative and present ideas to my team. I want technology that works and we can trust. WorldVue has been the partner that listens to our vision and can deliver on time."
