

MOBILE WEB REMOTE

Scan and Connect! A touchless solution keeps guests' hands off the in-room TV remotes and puts their personal devices in control.

- ✓ **NO APP DOWNLOADS**
- ✓ **NO STORAGE NEEDED**
- ✓ **NO TOUCHING THE TV REMOTE**

HOME BUTTON

Quick access to the WorldVue HUB™ Portal. Ability to turn on closed captioning, change input, or end device control.

NAVIGATION BUTTONS

Like a traditional remote, these navigation buttons will help you to select menu items through the portal.

CHANNEL SELECT

By clicking this button, a full channel list will pop up with easy to recognize channel logos.

An internet-based page designed for ease of access to act as the TV remote in the hotel room. With the guest's personal device's camera and our QR code, guests can start controlling their in-room television immediately.

**Available to OTT customers only*
