

WorldVue HUB™ is a fully customizable platform that enables hotels to offer guests the most innovative technology and entertainment services available, ultimately helping hotels to digitally transform their property and maximize revenue opportunities.

## FEATURES

### FOLIO REVIEW & IN-ROOM CHECKOUT

Allows guests to view their bill, all charges & check out directly from their device or in-room television.

### SECURED & MANAGED CASTING

Casting powered by WorldVue allows guests to display apps on their personal devices to the in-room television with a simple 3-step process.

### STREAMING APPS

Our platform includes popular apps native to the set-top-box. All guest credentials cleared on demand or upon check out.

### IN-HOUSE CHANNEL/CUSTOM PROPERTY MENU

Each hotel may customize their menu screens to promote their amenities.

### MOBILE WEB REMOTE

Keep guests' hands off the TV remote and puts their personal device in control.

### INTERACTIVE CHANNEL GUIDE

All of our solution include a fully interactive channel guide with customizable channel lineups.

### ADDITIONAL FEATURES:

- Guest Room Messaging
- Real Time Weather
- Flight Data
- Smart Room Technology
- Language Preferences
- Soothing Music
- Video on Demand
