

YOUR **COMPREHENSIVE** PHONE SYSTEM & SERVICE PROVIDER

ABOUT OUR PHONE SOLUTION:

Sparkplug IP powered by WorldVue delivers advanced PBX and VoIP purpose-built for the hospitality industry. Our solution is designed for seamless PMS integration, intuitive user experience, and scalable deployment across properties of all sizes. With rapid installation, competitive pricing, and a commitment to reliability, WorldVue empowers hotels to modernize their voice infrastructure with confidence.

WHY CHOOSE WORLDVUE AS YOUR PHONE PROVIDER:

- Industry-leading expertise in hospitality phone systems & VoIP technology.
- Customizable solutions to meet the unique needs of your hotel, whether for retrofits or new installations.
- Proven track record of customer satisfaction, reliability, & cost-effectiveness.

KEY FEATURES:

1. **Future-Ready PBX Support**

Delivering expert management for legacy PBX systems— including Mitel, NEC, PhoneSuite, and Avaya— ensuring a smooth transition to modern voice platforms. We help hotels maximize existing investments while preparing for future upgrades.

2. **Significant Cost Savings**

Our solution provides average savings of **20-30%** on SIP, Analog, PRI, and POTS services.

3. **Certified Hospitality Expertise**

As a **Mitel Hospitality Certified** partner, Sparkplug IP powered by WorldVue is fully approved to support all major hotel brands. Our specialized partnership with Mitel reinforces our commitment to delivering reliable, brand-compliant voice solutions.
